Technical Data sheet

Baltic Masks, BM-810 Disposable MEDICAL Face Mask for Children (V2.0)

Usage instruction

1. Before opening and touching the mask, wash your hands thoroughly with soap and water or alcohol/based hand sanitizer (>60% alcohol content).
2. Open the mask with both hands to the two sides.
3. Hold the mask by the ear loops. Place a loop around each ear and be sure the nose clip is upwarded
4. Press the nose clip to fit the shape of the nose
5. Pull the bottom of the mask over your mouth and chin

Precautions

1. This product is not suitable for protection against harmful gases, steam and oily aerosols.
2. The product does not generate oxygen and is not suitable for use in anoxic environments, underwater operations, during evacuation or firefighting environments.
3. It is not recommended to use this protective mask if you do not feel a good adhesion between the face and the edge of the mask during use.
4. If found during use that the mask is damaged or the breathing resistance is too large, replace with a new one.
5. This product is for one-time use, masks should not be reused.
